**AMENDMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is in response to the Final Rejection of November 5, 2002, in connection with the above-identified application. The period for response has been extended to expire on May 5, 2003 by the filing herewith of a Petition for a Three Month Extension of Time and payment of the required fee. A Request for Continuing Examination is submitted herewith along with the required fee and necessary submission.

Please amend the above-identified application as follows.

**IN THE CLAIMS:**

Please replace claim 38 with the following amended claim.

CI  
38(Twice Amended). A targetable diagnostic and/or therapeutically active agent comprising a suspension of a reporter comprising gas-filled microbubbles stabilized by monolayers of film-forming surfactant in an aqueous carrier liquid, and wherein the gas comprises a halogenated gas or a halogenated low molecular weight hydrocarbon, and said film-forming surfactant comprises one or more phospholipids selected from the group consisting of phosphatidylcholines, phosphatidylglycerols,
